Roxanne,

Just to drop you a line, after our Never Forgotten Honor Flight. They say its a trip of a lifetime, it was a special day that a person will never forget. I can't thank you & everyone connected to the program. We were all treated like royalty from the time we arrived at the motel Sunday afternoon until we arrived back home at Mosinee airport. Walking out to meet our wives & then walking down the mass of people gave a person goose bumps. For a Vietnam Veteran it was just awesome, to see people there to congratulate you coming home. This is something a guy will remember the rest of his life. Again thanks to all the people in this program, you are all very special we will never forget what you have done for us.

Thanks Again
Never Forgotten Honor Flight

Paul Lukewich
Vietnam Veteran
