

Never Forgotten Honor Flight,

I thank you again for the ultimate trip to D.C. on the 24<sup>th</sup> of April. It was an emotional day for me and my guardian. Everything is organized and ran so well. All of you should be proud of what you do for the Veterans. Like I said I was a lucky man to go as a guardian and veteran. The veteran experience is the best. I'll never forget the day. It would be great to volunteer and help out. I have encouraged a couple of vets to get signed up to go. I hope they do. Again a big thank you to anyone and everyone who put the flight together for us. God bless all of you.

With sincere thanks  
and appreciation

Burdell
