

I want to thank the wonderful board who run the Never Forgotten Honor Flight out of Wausau. You have put together a wonderful program that is perfectly organized.

I was a guardian on the April 24th flight with my dad. He is a Marine from Korean War and he has not stopped talking about his special day. The thing that makes it so amazing is, he had a stroke about 12 years ago and does not usually talk about much. He is telling everyone. This trip sparked something in him. I can not thank you enough.
