

Dear Honor Flight members,

I want to thank you.

I always felt it was an honor and a privilege to serve my country. Although I wasn't looking for any gratitude in doing so; the flight and people that day were tremendous!

I had a great time! I never shooked so many hands or thanked so many people.

It was amazing how you thought of everything my brother Ron went last year and told me it was a blessing to go on the flight.

It was a day I'll never forget.

again thank you.

Sincerely,

Tom Helop
